On November 19<sup>th</sup>, management will be presenting from 4:00 pm ET to 4:30 pm ET and will host a day of one-on-one meetings with investors during the conference. A webcast of the presentation will be available on the Company's website.

### **About Alliqua BioMedical, Inc.**

Alliqua is a provider of advanced wound care solutions. Through its sales and distribution network, together with its proprietary products, Alliqua provides a suite of technological solutions to enhance the wound care practitioner's ability to deal with the challenges of healing both chronic and acute wounds.

Alliqua currently markets its line of hydrogel products for wound care under the SilverSeal® and Hydress® brands, as well as the Sorbion sachet S® and Sorbion sana® wound care products, and its TheraBond® 3D advanced dressing which incorporates the TheraBond® 3D Antimicrobial Barrier Systems technology. It also markets the advanced wound care product Biovance®, as part of its licensing agreement with Celgene Cellular Therapeutics.

In addition, Alliqua can provide a custom manufacturing solution to partners in the medical device and cosmetics industry, utilizing its proprietary hydrogel technology. Alliqua's electron beam production process, located at its 16,000 square foot GMP manufacturing facility in Langhorne, PA, allows Alliqua to develop and custom manufacture a wide variety of hydrogels. Alliqua's hydrogels can be customized for various transdermal applications to address market opportunities in the treatment of wounds as well as the delivery of numerous drugs or other agents for pharmaceutical and cosmetic industries.
