

Alliqua BioMedical, Inc. Reports First Quarter Financial Results

Revenue Growth of 120% year-over-year; Reaffirms Fiscal Year 2016 Guidance

YARDLEY, Pa., May 10, 2016 (GLOBE NEWSWIRE) -- Alliqua BioMedical, Inc. (Nasdaq:ALQA) ("Alliqua" or "the Company"), a provider of advanced wound care products, today announced financial results for the first quarter ended March 31, 2016.

First Quarter 2016 Financial Summary:

- Total revenue increased 120% year-over-year to \$4.6 million. Organic total revenue growth was approximately 4% year-over-year.
- Product revenue increased 177% year-over-year to \$4.1 million. Organic product revenue growth was 11% year-over-year.
- Gross margin was 62%, compared to 43% in the same period last year and 62% in the fourth quarter of fiscal year 2015. Gross margin on product revenue was approximately 75%, compared to 73% last year.

First Quarter 2016 Operating Highlights:

- On January 27th, the Company announced a national group purchasing agreement with HealthTrust, effective January 1, 2016, adding Biovance to HealthTrust's regenerative tissue wound care contracting category.
- On January 28th, the Company announced a partnership with Human Longevity, Inc. whereby it will remain the exclusive commercial partner for Biovance® Human Amniotic Membrane Allograft and Interfyl[™] Human Connective Tissue Matrix, following the completion of Human Longevity, Inc.'s purchase of LifebankUSA and other select assets from Celgene Cellular Therapeutics.
- On February 4th, the Company announced that its UltraMIST Ultrasound Healing Therapy System received a GOOD DESIGN® Award recognizing UltraMIST as an outstanding product that stretches the boundaries of average design.
- On February 19th, the Company announced the appointment of Winston Kung to its Board of Directors. Mr. Kung is the Vice President of Business Development and Global Alliance at Celgene Corporation
- On March 7th, the Company announced that effective March 1, 2016, Biovance® Human Amniotic Membrane Allograft is eligible for reimbursement coverage in the geographic regions covered by Wisconsin Physicians Service ("WPS"), a Medicare Administrative Contractor, or "MAC". WPS serves more than 140,000 providers and over 5.5 million Medicare beneficiaries.

 On March 15th, the Company announced participation in Blue Cross Blue Shield Association's ("BCBSA") Evidence Street Pilot Program, a program designed to create uniformity in the exchange of clinical evidence used to establish BCBSA clinical guidelines. As of February 2016, the BCBSA guideline for Bio-Engineered Skin and Soft Tissue Substitutes now lists Biovance as an example of a skin and soft tissue substitute that has demonstrated sufficient evidence to determine qualitatively that the technology results in a meaningful improvement in the net health outcome for individuals with diabetic lower-extremity ulcers.

"We are pleased with our first quarter progress towards each of our strategic operating initiatives for the fiscal year," said David Johnson, Chief Executive Officer of Alliqua. "In terms of our financial performance, we were particularly pleased with the commercial traction we saw in sales of our Biovance product, as well as the improving utilization trends in our MIST Therapy franchise."

"Our organization remains focused on our highest-priority strategic initiative for 2016 - increasing the productivity of our selling organization - and we plan to build upon the progress that we made in the first quarter. We remain extremely encouraged by the compelling commercial opportunity for our portfolio of advanced wound care technologies and expect that our continued execution will drive improving growth trends over the course of 2016."

First Quarter 2016 Results:

Total revenue for the first quarter of 2016 increased \$2.5 million, or 120% year-over-year, to \$4.6 million. Total revenue growth was approximately 4% year-over-year on an organic basis. Sales of the Company's products – including hydrogels, sorbion, Biovance, TheraBond and MIST Therapy® – increased \$2.6 million, or 177%, year-over-year. Product revenue growth was 11% year-over-year on an organic basis. Revenue from MIST Therapy, acquired from Celleration on May 29th 2015, was approximately \$2.5 million in the first quarter of 2016.

Gross profit for the first quarter of 2016 was \$2.9 million, or 62% of sales, compared to a gross profit of \$0.9 million, or 43% of sales, last year. The increase in gross margin was due to products sales comprising a greater portion of the Company's revenue. Product sales typically command higher gross profit margins than contract manufacturing sales. Gross margin on product sales was approximately 75% in the first quarter of 2016. The Company expects gross profit to continue to increase as wound care product sales become a higher proportion of total sales.

Total operating expenses for the first quarter of 2016 increased \$2.1 million, or 24% yearover-year, to \$10.7 million. The increase in total operating expenses in the period was primarily related to higher compensation and benefits expenses related to increased headcount compared to the prior year period. First quarter 2016 total operating expenses were also impacted by higher expenses associated with the Company's selling efforts and general management, including recruiting, information technology, travel, training and third party logistics compared to the prior year. The increase in headcount and operating expenses is largely due to the Company's acquisition of Celleration in May 2015. Prior year operating expenses included approximately \$1.9 million of acquisition-related expenses.

Loss from operations for the first quarter of 2016 was \$7.8 million, compared to a loss of \$7.7 million for the same period last year. Net loss for the first quarter of 2016 was \$7.7 million, or (\$0.28) per diluted share, compared to a net loss of \$7.7 million, or (\$0.48) per diluted share, for the same period last year.

Non-GAAP net loss for the first quarter of 2016 was \$5.5 million, or (\$0.20) per diluted share, compared to a non-GAAP net loss of \$3.4 million, or (\$0.21) per diluted share, for the same period last year. The Company defines non-GAAP net loss as its reported net loss (GAAP) excluding income tax expense, stock-compensation expense, one-time charges and other non-recurring operating costs and expenses, intangible asset amortization, change in fair value of contingent consideration and change in fair value of warrant liability. Non-GAAP net loss for the first quarter of 2015 excluded approximately \$1.9 million of acquisition-related expenses.

Fiscal Year 2016 Revenue Outlook:

The Company is maintaining its revenue guidance for the fiscal year 2016 period, which was issued on February 23, 2016.

For the fiscal year ending December 31, 2016, the Company expects total revenue of \$22 million to \$24 million, representing growth in the range of approximately 46% to 60% year-over-year on a GAAP basis. This represents a 15% to 25% increase in revenue from the fiscal year ended December 31, 2015 pro forma revenue (assuming the Company had recorded a full year of MIST Therapy revenue) of approximately \$19.1 million.

Conference Call:

The Company will host a teleconference at 8:00 a.m. Eastern Time on May 10th to discuss the results of the quarter, and to host a question and answer session. About Alliqua BioMedical, Inc.

Alliqua is a provider of advanced wound care solutions, committed to restoring tissue and rebuilding lives. Through its sales and distribution network, together with its proprietary products, Alliqua provides a suite of technological solutions to enhance the wound care practitioner's ability to deal with the challenges of healing both chronic and acute wounds.

Alliqua currently markets its line of dressings for wound care under the SilverSeal® and Hydress® brands, as well as the sorbion sachet S® and sorbion sana® wound care products, and its TheraBond 3D® advanced dressing which incorporates the TheraBond 3D® Antimicrobial Barrier Systems technology. The Company's Mist Therapy System® uses painless, noncontact low-frequency ultrasound to stimulate cells below the wound bed to promote the healing process. Alliqua also markets the human biologic wound care product Biovance.

In addition, Alliqua can provide a custom manufacturing solution to partners in the medical device and cosmetics industry, utilizing its hydrogel technology. Alliqua's electron beam production process, located at its 16,500 square foot Good Manufacturing Practice (GMP) manufacturing facility, allows Alliqua to custom manufacture a wide variety of hydrogels. Alliqua's hydrogels can be customized for various transdermal applications to address market opportunities in the treatment of wounds as well as the delivery of numerous drugs or other agents for pharmaceutical and cosmetic industries. The Company has locations in Yardley, PA, Langhorne, PA and Eden Prairie, MN.

Use of Non-GAAP Financial Measures

We present these non-GAAP measures because we believe these measures are useful

indicators of our operating performance. Our management uses these non-GAAP measures principally as a measure of our operating performance and believes that these measures are useful to investors because they are frequently used by analysts, investors and other interested parties to evaluate companies in our industry. We also believe that these measures are useful to our management and investors as a measure of comparative operating performance from period to period.

The Company has presented the following non-GAAP financial measures in this press release: non-GAAP net loss, and non-GAAP net loss per share. The Company defines non-GAAP net loss as its reported net loss (GAAP) excluding income tax expense (benefit), stock-compensation expense, one-time charges and other non-recurring operating costs and expenses, intangible asset amortization, change in fair value of contingent consideration and change in value of warrant liability.
